The Muskingum County Central
 Committee, at its meeting Saturday,
 passed resolutions endorsing the candi-
 dacy of Hon. H. C. VanVoorhis for
 renomination and favoring the precinct
 plan of representation at the Con-
 gressional convention.

OHIO'S SHIP CANAL.

Congressman VanVoorhis Wants Its Mouth
 at Zanesville.

Washington, March 7.—Representative
 VanVoorhis today introduced in the
 House a resolution directing the
 Secretary of War to make all necessary
 surveys, estimates, &c., for building a
 ship canal from the mouth of the
 Muskingum River at Marietta, O.,
 along the line lately reported on by a
 Board of Army Engineers, and known
 as the eastern route.

This route goes by way of Zanesville.
 For this purpose \$25,000 is appropriated.
 The resolution was referred to the Com-
 mittee on Railways and Canals. It is
 not likely that any action will be
 taken on it by the House, but Mr. Van-
 Voorhis, who has for years worked to
 advance the interests of the canal pro-
 ject, is working actively to secure a
 favorable committee report on his res-
 olution.

Common Pleas Court Judicial Con- vention.

The Republicans of the Third Subdi-
 vision of the Seventh Judicial District
 of Ohio will take notice that a Republi-
 can Judicial Convention will be held at
 Athens, Ohio on Thursday the 16th day
 of April 1896 at 11 o'clock a. m., for the
 nomination of a Republican candidate
 for the office of Common Pleas Judge
 in said subdivision. In such conven-
 tion the counties of said subdivision
 will be entitled to one vote for each
 (200) two hundred votes cast for Gov-
 ernor Bushnell at the November elec-
 tion last fall, and one for each fraction
 of over (50) fifty votes.

This apportionment will result as
 follows:

County	delegates
Athens	23
Gallia	18
Meigs	21
Monroe	8
Washington	26
Vinton	10

The Republican Committees of said
 counties will provide in their own way
 for the election of the delegates.

 D. W. JONES,
 G. A. KEEPER, Judicial Com.
 L. E. McVAY,
 H. E. SOULES.

Fearing Township Primary.

The Republicans of Fearing Tp. are
 requested to meet at the Town Hall
 on Saturday, March 14th, at 6 o'clock
 p. m., for the purpose of nominating
 candidates for the offices of Clerk,
 Trustee and Assessor.

C. W. FENN, Committeeman.

IN THE OIL FIELDS.

The market opened at \$1.25 Monday
 morning, but rose to \$1.30 during the
 day, at which point it closed.

AT EIGHT MILE.

The Becker well of the Glendale Oil
 Co. at Eight Mile made an unexpected
 flow last week and filled a 250-barrel
 tank. The company immediately
 erected new tankage.

The Boston Oil Co. began spudding
 Monday on their No. 6 on the Berentz
 farm.

The Crown Oil Co. are rigging up for
 their No. 8 on John Berg.

Reader has a rig up for a Berea well
 on the Hadders farm, west of the
 Becker, and Reader & Myers are start-
 ing a well on John Brown.

MACKSLEY FIELD.

The John Worrall & Co. well on the
 Stevens farm, drilled in a few days
 ago, was shot Monday and is a fair
 producer.

The Chapman & Co. well on Jeffry
 was shot Monday, but no news has
 been received from it since the shoot-
 ing.

Longfellow Bros. & Co. will have a
 well in Wednesday on the Wharton
 farm. The well was cased Monday.

The Dunn well on Ogle, near Dexter
 City, is reported to be good for 25 to
 30 barrels per day.

The Kackley well 3 miles northwest
 of Point Pleasant, Guernsey county, is
 down about 900 feet, but has had a
 fishing job for a month past.

The Lewis Ogden well will prove a
 big factor in the Waverly field, judg-
 ing from the excitement it has already
 produced and the new development it
 has been the means of bringing about.

Mr. Ogden, the owner of the land on
 which the new well is located, was in
 the city yesterday, and received con-
 gratulations on all sides. He esti-
 mates the production of the well at 100
 barrels a day, and that is a very conser-
 vative estimate.

The Ogden farm is under lease to
 three different parties, viz: T. N.
 Barnsdall, Alford & Baer and a Pitts-
 burg company. All these parties will
 develop their leases and six wells will
 be put down as soon as the material
 can be placed on the ground.

Alford & Baer, the owners of the new
 well have their No. 2 located, the rig
 up and ready to drill and the rig will
 at once be built for No. 3. Barnsdall
 has located two wells and will begin
 drilling as soon as he can get the rigs
 up and the Pittsburg people have also
 made two locations.

These will all be deep wells and, we
 are informed that other deep wells will
 at once be drilled on adjoining leases,
 and probably some of them will go
 down to the Gordon sand.

Waverly promises to be a deep sand
 field of considerable consequence.—

GOOD WORDS.

In discussing city business the Leader
 has found "good words" just as effec-
 tive as any others.

This column was started several
 years ago with the purpose of helping
 advance the interests of the city, not
 for controversy, but for progress. We
 believed then, as we do now, that there
 was too much conservatism and hold-
 ing back and not enough enterprise;
 too much fault finding and theory and
 not enough effort at realization. We
 soon found a large number of citizens
 were of the same way of thinking, and
 there has been a general advance all
 along the line and we are now begin-
 ning to receive what formerly we could
 only hope for. Some say our progress
 is owing to the oil business, but we beg
 leave to differ from them. While the
 oil developments around this city have
 helped a great deal, yet the cause must
 be sought deeper and farther back.
 The evolution of growth and prosper-
 ity is from the people themselves. It
 cannot be stopped or balked for any
 long time. The failure of every oil
 well within one hundred miles of Mari-
 etta would only temporarily stop her
 progress. We started on the up grade
 of improvement and prosperity several
 years before the oil boom struck us.
 This is already one of the best towns
 on the Ohio river and is bound to be
 still better.

COUNCILMEN.

Busy with their own affairs, they
 have devoted a great many hours to
 public business without compensation.
 They ought at least to have the good
 opinion of their fellow citizens. The
 records are at the Clerk's office and the
 vouchers are all on file. The books
 will soon be closed for this municipal
 year. A City Council is generally no
 better or worse than the people who
 elect it. The present one is no ex-
 ception. They haven't been hold-backs
 but have encouraged as far as they
 could every enterprise which would
 benefit the people. They do not seek
 commendation from any one. All they
 ask is that adverse criticism shall be
 withheld until a fair inquiry has been
 made into the action objected to, be-
 ing sure that any such examination
 will be their sufficient vindication.

Ohio at St. Louis.

Cincinnati Tribune: "Ohio will go to
 St. Louis at the head of the most en-
 thusiastic movement in the history of
 national conventions. Those who are
 commissioned to present the candidate
 of this state will find themselves lead-
 ing an army as firm and irresistible as
 the historic phalanx of the Austrians.
 The enlisted come from every state in
 the Union. Every Ohioan who is chosen
 to represent this state in the great
 council of the party next June will be
 worthy of the trust. No Republican
 from this state would either dare or
 desire to betray that trust. Ohio will
 have there the brains and courage of
 the party. Such men as Joseph B. Fur-
 aker, Governor Bushnell, General Chas.
 H. Grosvenor and Marcus A. Hanna
 will be the delegates at large, and
 every district in the state will send two
 men whose fidelity and discretion will
 make them fit advocates of so splendid
 a cause. The Tribune congratulates
 the state and the nation upon the pres-
 ent prospect of the presidential cam-
 paign—the state because her worthiest
 sons seem within reach of the highest
 honor a political party can bestow,
 and the nation, because there is prom-
 ised in the next administration an era
 of commercial and political advance-
 ment under the peerless American
 whose name has become the synonym
 for "protection, prosperity and patriot-
 ism."

Marvelous Results.

From a letter written by Rev. J.
 Gundersen, of Dimondale, Mich., we
 are permitted to make this extract: "I
 have no hesitation in recommending
 Dr. King's New Discovery, as the re-
 sults were almost marvelous in the case
 of my wife. While I was pastor of the
 Baptist Church at Rives Junction she
 was brought down with Pneumonia
 succeeding La Grippe. Terrible parox-
 ysms of coughing would last for hours
 with little interruption and it seemed
 as if she could not survive them. A
 friend recommended Dr. King's New
 Discovery; it was quick in its work
 and highly satisfactory in results." Trial

EXPERIENCE

Teaches that when you have a good thing bet-
 ter stick to it.

For twenty years we have furnished honest
 goods at fair prices, constantly increasing our
 business, and this Spring of '96 finds us better
 prepared than ever before to serve our cus-
 tomers. After examining what other houses
 have to show you, do us the favor to compare
 ours and we KNOW the result.

In addition to a large stock on hand we re-
 ceive this week enough goods for a respecta-
 ble business.

Our Drugs and Medicines.

In these days of bombastic and misleading advertisements, it may
 be well to remember that the merchant who does the most splutter-
 ing and splashing is the one who is getting into the soup. The in-
 telligent Mariettians can be relied upon to be able to sift the chaff
 from the wheat, however; and we will continue to do business on the
 good old fashioned plan—Dollars worth for a Dollar, and also con-
 tinue in the even tenor of its way; and we will venture the assertion
 that we have swung high up on the pinnacle of public approval.
 To a discriminating and intelligent public we are willing to submit
 for a verdict.

The Oven

Is the most important part of a cooking apparatus. The fire-
 box is the digestive organ; the draught is the circulation.
 These vital organs are those which, in the

Majestic Steel Range

Are different, and work upon different principles from those
 in any other stove or range.
 The MAJESTIC oven is the most sensitive oven ever made;
 the fire-box is the most economical in operation, and the
 draught is the simplest and most perfect.

These are 3 of the points that make
 Majestic the perfect Cooking Range.
